

1 Appendix to the Inheritance Trends Section

1.1 Introduction

This appendix reports the source list and source-level coverage currently available for the Inheritance Trends dashboard data. The tables are generated from the dashboard metadata and the shared dictionary, so they can update as new sources are added to the warehouse.

1.2 Sources Included in the Inheritance Trends Section

Table 1 lists the sources currently present in the Inheritance Trends dashboard metadata. Source labels and citation keys are taken from the dashboard metadata where available and filled from the dictionary by matching on **Source** where needed.
